Block Party / Street Closure Diagram

Use this page to illustrate your planned block party / street closure event. Include the main street (the street that will be closed for the event) and the nearest streets on either side of the block.

You can use the KEY below to show where any items may be set upon the block, such as tents, tables, or other equipment. Anything that will be in the roadway should be illustrated and labeled.

For safety reasons, equipment and other items should not be set up in the middle of the street. This will allow for clear passage of first responders in case of an emergency.
