2. Exemption Criteria

a. Does your facility currently cook or heat any of the food it sells?

• Yes (please explain)

• No _____

b. Do you cook or heat any of the following (check all that apply):

• Beef

• Poultry

• Pork

c. Does the facility use a deep fryer or grill to prepare foods or any other applicable cooking equipment that may generate oil and grease?

• Yes (and how many gallons are used daily?) _____

• No _____

I hereby acknowledge that I am responsible for the operation of the food producing facility. I have reviewed and understand the Borough of Pottstown Ordinance No. 2149. I have answered all questions on the FOG permit application and the exemption form to the best of my knowledge. I understand that being exempt from requiring a permit does not permit me to violate any part of Ordinance 2149. If at any time there are any changes in food production at this facility I understand that I must contact the Borough of Pottstown Wastewater Treatment Plant to determine if a FOG permit is required. If I fail to notify that Borough of Pottstown Wastewater Treatment Plant, I may be in violation of Ordinance No. 2149 which could subject my facility to fines and penalties.
